each other since 7th gra
I think you are really
nice & sweet. You always
had a certain kind of
style that I really liked.
Friends
Forever

Melinda,
Well young lady the year
is come to an end
And its time to move on
to bigger and better
I hope you get everything
you want out of life
With a very sweet girl
Take it easy and be a OK person
Them boys Alone (just joking)

Quick! Run! There's only one minute left . . . We are suppose to be in the liberary. "Oh, It's Tuesday again?" shouts Mr. Glasgow, "Do you have a tie I can borrow Ron?" And so it goes, another faculty meeting, only one of the things that it takes to keep the school running smoothly.

It takes all types of people to keep a school running. The Cooks, who prepare our lunch. The Janitors, who keep our school clean. The Bus drivers, who give us a safe ride to and from school. The Teachers, who give us our education. The Principles and Superintendents who handle the administrative work. The Secretaries who make sure everything runs smoothly. The Couselors who help the students in tasks anywhere from a class change to just being there when they're needed. These are the many different people who take part in making Medical Lake High School the very Best.

1. The Superintendent of the Medical Lake School District, Mr. Dunn. 2. The Assistant Superintendent of Medical Lake School District, Mr. Heidenreich. 3. The Principle of Medical Lake High School, Mr. Brown. 4. The Vice Principle of Medical Lake High School, Mr. Cerenzia.

Melinda,
It's hard to believe that it's been 5 years since we graduated high school. Where has the time gone? I'm so glad that we've been able to keep in touch and that we've been able to remain friends throughout the years. I'm so glad that you've found someone who makes you happy and that you're getting married. I wish you the best of luck in your future endeavors. Keep smiling and stay positive. Love ya lots, Lori

Ugly?
Well we're finally through. Take care little Anthony and your soon to be husband. Good luck & God bless.

The strobelights were flashing, the music was pounding, the Christmas Ball was a great success. The Senior class officers had their work cut out for them when they prepared for this dance. Posters were made, decorations were bought, the royalty ballots were sent out, and the gym was decorated.

"We put many hours into this. We had to make phone calls. We called the Display House to get prices on crowns and had to organize royalty meetings to make sure they were all in their places for the basketball game. We tried to make this dance inexpensive because we wanted to save our money for our Senior activities," said John Williford, the Senior Class Vice-President. The other class officers had a busy year also. Junior officers had the difficult job of organizing Prom. The class ring sale was organized by the Sophomores, while the Freshman officers were busy learning the ropes and concentrated mainly on the Fall candysale.

# Leaders Lead . . .

The School and community crowded on the front lawn and sidewalk of M.L.H.S. anxiously awaiting the final outcome. Suspense filled the air as the police blocked off Barker Street to prevent any major accidents. Vehicles were ready to roar . . . on your mark-get set-GO! The wheels burned rubber as the best decorated Senior bed pulled slightly ahead of the Freshmen bed. They raced to the half marker and the five people sprang out of the racing bed, while the five people who were pushing jumped in. Both classes had some difficulty and they were bedpost to bedpost, but the Seniors conquered the Freshmen, and finished in a roar by two bed lengths! One of the victors, John Williford exclaimed,"I knew there was no way the Freshmen could win, because they did not have the experience. It might have been close for awhile, but our agility and speed pulled us through," saying with a smile,"Like everyone knew it would!"

The A.S.B. officers did not just lead the students of Medical Lake High School, but the hard-working team worked with the students. The school caught onto their firy enthusiasm of the officers during Homecoming Week. They went above and beyond the call of duty to make it exciting for everyone to get involved. The entire week was a great success from the noontime activities and dress-up days to the halftime ceremony with a special surprise of fireworks that started the dance with a bang!

Mr. Grothe, their advisor, feels,"The executive board has shown the willingness to work hard, to develop personal leadership skills and to get as many people involved as possible in the A.S.B. activities. It has been a pleasure working with them." The A.S.B. officers kept their composure and dignity during all of the student council meetings, even when there were heated controversies. The officers paved a smooth path for all students to follow in improving our high school.

1. President-Butch Stevenson,"Mr. B" of the C team! 2. Vice-President-Pat Ravenel,"It's a bird, it's a plane, NO! it's my twin. 3. Secretary-Donna Stevenson. Sitting in her file cabinent! 4. # NHS Members Build Character

The lights were dimmed and the scent of burning candles filled the air. The tenseness was thick as a hush slowly fell over the audience. It was the night of the Induction Ceremony and the new inductees were sitting nervously in their seats. By the end of the evening, after all of the speeches were given, the new inductees were official members of the National Honor Society.

National Honor Society is a club dedicated to serving the school and its surrounding community. Their activities range from the Senior Citizen Service Program to donut sales.

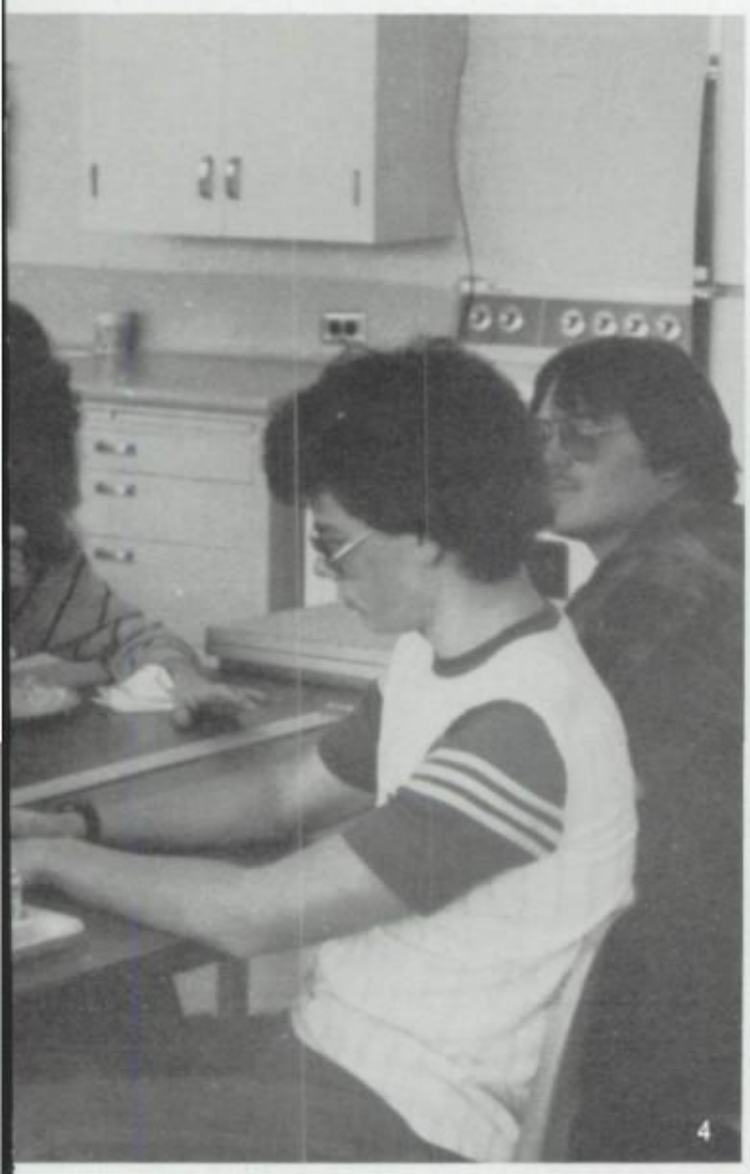
# Students Show Their Knowledge

As the commentator of the contest asks his question, all the contestants' minds quickly start to think. A buzzer goes off and the fastest player answers the puzzle. This is the type of action that goes on in a knowledge bowl competition. The knowledge bowl is a sport of the mind where the quickest will win. The contest consists of three teams competing against each other. Medical Lake competes with at least thirty schools in Adams, Lincoln, Whitman, Spokane, Ferry, Pend Oreille and Stevens counties.

The purpose of knowledge bowl is to train the memory for quick recall and to broaden one's horizons on all kinds of knowledge. It takes a person with a borad, general knowledge and knowledge of present day happenings to be competitive in this sport. Mrs. Groenen, the coach of the team, believes that it is the best preparation for a higher education a student can get. "I think this year's team is as good as last year's team, if not better," commented Mrs. Groenen. Being on the knowledge bowl takes dedication with practices two to three times a week starting right after school begins. Selection of the top four and an alternate is done by the team members themselves. When in competition there is no loser, because just being a part of this great team is being a winner.



1. Knowledge Bowl Front Row-(left to right): Bob Cross, Missy Wagner, Jeff Gilbreth, Ken Moseley, Scott Danigole, Julie Hixson, and Karen Wagner. # Junior ROTC Creates Future Leaders

The air was tense, the crowd was silent the only sound heard was a whoosh. A scream broke the silence as the balloon lifted off the ground commemorating the first time man left the earth in flight. The Medical Lake's ROTC also enjoyed the festivity by getting rides in the helium aircraft.

The ROTC class was formed to teach leadership skills to the young people, and to prepare them for roles in a career field was its main goal. Extra-curricular activities offered to the students enrolled in Aerospace Education include drill team, colorguard, rocketry and model clubs. If students complete all three Aerospace Education courses they had special advantages in applying for the military academy appointments and in being granted possible four year ROTC scholarship.

# CHEERLEADING

"SPIRIT" We got some! The 1983-84 cheerleaders have shown us another very supportive year. They started the year off by receiving high honors at the state cheerleading camp. The girls said, "Going to camp gave us a chance to get to know each other and to learn a bunch of new cheers."

The cheerleaders have many responsibilities throughout the year. The SadieHawkins dance is put on by the cheerleaders. They go out and get all that "heavy" hay, decorate the gym' and even give you guys and gals a chance to get hitched up to your lucky partner.

# Musicians Tune to Beat of 1984

"I wish I were two years younger," says a former student of Medical Lake High School, as he watches students perform at a band concert. "I see many talented musicians that I would have liked to perform with." This year all four bands, Concert, Symphonic, Wind Ensemble, and Jazz contain many young musicians that have a great opportunity to develop their talents in the next few years. The size of the band as a whole has dropped in the last few years, but Mr. Lundgren, the director of Medical Lake's music department, is looking forward to the next few years as larger numbers of talented freshmen will be welcomed by the Cardinal music department.

The gym was quiet yet filled with excitement. The competitors were overwhelmed with the idea of having a chance to become a part of the team. The judges were filled with expection and wonderment at what the next hour would hold in store for them. All the last minute details had been taken care of, and the Captain was ready to start. This was the big day, tryouts for the 1983-1984 Drill Team members. This special event started with two returning members demonstrating the routines which the contenders were to perform. During their demonstration both girls suddenly stopped and turned extremely red! They both had made the same mistake at the same time, which resulted in having to start once again.

"Even though we had no advisor this summer we were able to work hard and become like a family," commented Sharon Oliver. In March the girls were very successful while attending State Competition. The Drill Team accomplished a great deal this year.

# By Cardinal Maids and Rahs

There are two hard-working organizations at Medical Lake High School that never receive much recognition. The Cardinal Maids and Rahs were there encouraging school spirit with various functions.

Our lives are filled with many memories with family and friends that we will forever cherish. One night each year fathers and daughters gather together to share one of these moments. The Father-Daughter Banquet hosted by the Cardinal Rahs creates a good feeling between families in our school. Donna Stevenson and Mr. Kyle were guest speakers, relating the unique times fathers and daughters share. Mrs. Haugen explained, "The banquet offered opportunities to have special memories and times with our families at school." Cardinal Rahs started the Big and Little Sister Program for incoming freshmen, they make pumpkin and turkey grams, and sale mums for Homecoming. Golden Garbage is collected by the Rahs, and they sale booster items at the games.

The Cardinal Maids focus on promoting spirit in the athletic clubs. They design and make locker decorations, organize the Santa pictures, and the biggest functions they put on are the Sports Award Banquets to honor the athletes in front of family and friends.

# Cardinal "Fan"atics Begin In A Roar!

The Cardinal "Fan"atics started the year in a roar. The enthusiasm soon tired though as each meeting passed. They were able to have a successful mini movie theater during Christmas break for the grade schoolers. "The idea was a sudden impulse," relays Cinda, "neither Donna or I had the time to put our full effort into the club. I hope it will grow in the future years into a booming club under the charge of someone who has time and creativity."

# Library Aids Are Resourceful Talents!

The library has more to offer than just a place to finish homework, look at magazines, or to gossip. It has more than just a check out desk where the library aids assist you. They control the video and T.V. room where various athletic events and assemblies are recorded and ready for viewing. These aids help set up for class projects and speeches, also. The library is now becoming a place where responsibility and commitment are being displayed.

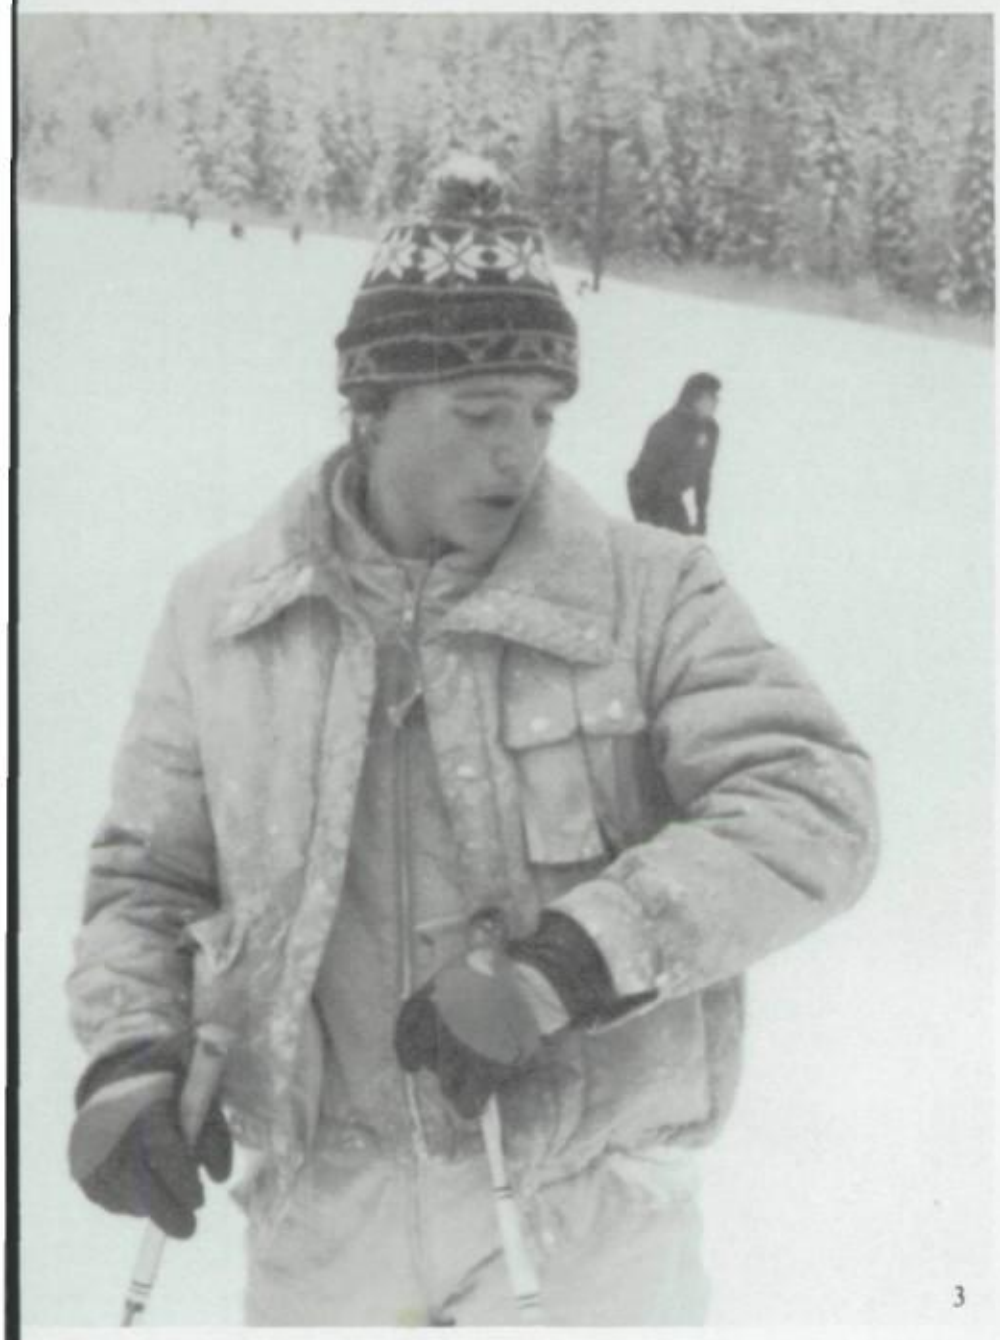
# Ski Club Shooshes Down The Slopes



3

Medical Lake Ski Club challenged 49° North December 11. The weather was warm with fog flowing from the powdery white snow. Many of the skiers were excited before they began on their ski trip, it being the first time for some.

Karen Ferrel, a veteran skier, was overly excited and ready to do some great skiing. "At first I was tense going down the face of the mountain," she confessed. However after she started going it really began to get fun. "It was exhilarating going out of control!" She skied down the hill with Jenny Cox and had an exciting time. After the day ended and the skiing was over "you are really drained," but once you are rested "you want to do it again!"

When Mrs. Parker, the Ski Club advisor, was asked how the trip went, in one word she replied, "Fantastic! The weather was warm, the snow was good and the kids were super." Then lastly she said with assurance, "Everyone had fun; even our beginners!"

There she stood. A gorgeous brownand white female. Her eyes were staring back into mine and our hearts were pumping with the excitement of the moment. We could hardly endure the suspence anymore. "Grand Champion!" Cliff shouted, "She really did it!" The excitement rose in the students involved in the Medical Lake FFA Chapter as they not only received very high honors in the livestock division but also on their "ag" booth and in the metal division. Throughout the year, Future Farmers of America at ML was very active in many other endeavors.

# Future Homemakers Stir Up Spirit!

"Hey! Something is burning! It's the cookies! Get some water! Oh no, they're ruined! Now we have to do them all over again." But practice makes perfect in the lives of the members of Future Homemakers of America. This year they have strived for perfection in every task they endeavored. They demonstrated their pride and spread it by selling Cardinal hats, mittens and scarves. They also sold Santagrams, Valagrams, and donuts to add a little flavor to our school. Time was also spent making cookies for the football players. The credit for the successfulness of FHA goes to the advisor Mrs. Sebright, who with her skill and leadership has made future Homemakers of America one of the most respected groups in our school.

The Varsity Volleyball Team went away with a valiant triumph in "The Volleyball Game" sponsored by FBLA.

FBLA was in numerous fund raisers and activities, which included donut sales and the computer dating program. They also went on fieldtrips to Keytronics and the newspaper.

"Joining FBLA was an exciting way to learn about the business world," replied Lorna Barr. All-in-all, FBLA had a successful year.

# The Cardinal Flyer Brings Justice To All

100,000,000 have been delivered each day. Yet existing as they may, they have been denied their basic rights. They lay dead in gutters, trampled by the multitude. They sleep in garbage cans. Yet, we can not live with out them. Yes the legacy of the newspaper lives on!

This Year's newspaper staff has one returning member and eight amateurs, yet they have become super experienced in a short time. Opportunities they have are endless, ranging from photography, writing and editing to visual display and arrangement of the prepared articles. A tribute goes out to these people and their advisor for highlighting the year within the Cardinal Flyer.

# Big Brothers And Sisters Reach Out

The little boy seemed to be alone. He was always hanging around the high school after school. It was brought to the attention of school counselor Mrs. Flaherty by janitor Ed King. This was the spark of an idea that would evolve into a unique outreach program. Mrs. Flaherty brought this idea to the student council. The council voted and the Medical Lake High School Big Brother and Sister program was initiated. Chris Jett relates her feelings about the program. "It is good experience for me to work with younger kids." One of the long range goals of the Medical Lake School District is to encourage each child to reach his or her academic and human potential. The Big Brother and Sister program is helping to obtain just such a goal.

# Students Conquer a New Language

Bonjour! Guten Tag! Buenos dias! These are all very different words, yet they mean the same thing. The Foreign Language Club helps bring the students of each of these languages together. They have various activities that they perform around the school, such as donut sales and the Winter Festival Dance. Lori Bolster has this to say about the club, "It's very informal, but it's a fun club to get involved in."

1. Mr. Ells and Mrs. Groenen. 2. A poster found in the foreign language rooms. 3. The Foreign Language Club.

"OK. Order! Let's start the meeting. Is there ayone absent, Bill? OK. fine. Let's move on to new business. First on the agenda is fixing up the boys' bathroom. Vince, do you have anything to say on the subject? OK, now that that's over . . . This meeting is adjourned." And so ends another typical ASB meeting. Among solving various problems around the school, the ASB officers take on many tasks. They not only represent us with much Cardinal pride but they also take some of the load off the administration in helping school activities. Whether it be helping one of the clubs in the school financially or making plans for an assembly, the ASB officers are always busy trying to make sure that the mighty Cardinal pride is carried out to its fullest.

# Cross Country Strives With Stamina.

The team was ready to run Pullman's three mile course. The weather was cool, and the runners were limber and prepared for the race. Their hearts pounded as they were waiting for the race to begin. The gun shot and the competitors were off! They challenged a gradual hill fighting for the lead and ran through the wind with exuberence. They strode in and defeated Pullman."Form and effort can make you a winner," replied coach Cicero. Kurt Hales improved his personal best with the time of 16.57. In the end as expected Medical Lake Cross Country defeated Pullman 24 to 31, lower score winning.

Our crowd was excited, the Colville crowd was shocked. Medical Lake had won the first game 15-9! Everyone thought it was just a fluke. Colville was a school known for its volleyball teams and wasn't used to losing to Medical Lake, who in the past has never had a volleyball team competitive in league play. But again in game #2, the young Medical Lake volleyball team pulled together for the victory, the score 15-11! Medical Lake had won games before, but this was the first real team they had defeated and was the start of a good season.

Though the volleyball team didn't get a league championship, they did, however, take a great step for Medical Lake, for they were the first girls' volleyball team to ever have a winning season at M.L. They not only won games, but their games were exciting to watch. The crowd loved them and followed them whever they played. Coach Kingrey was also pleased saying,"This volleyball team was the best ever and they achieved something that no other Medical Lake volleyball team has done. They had a winning season!!" Congratulations on a great year!

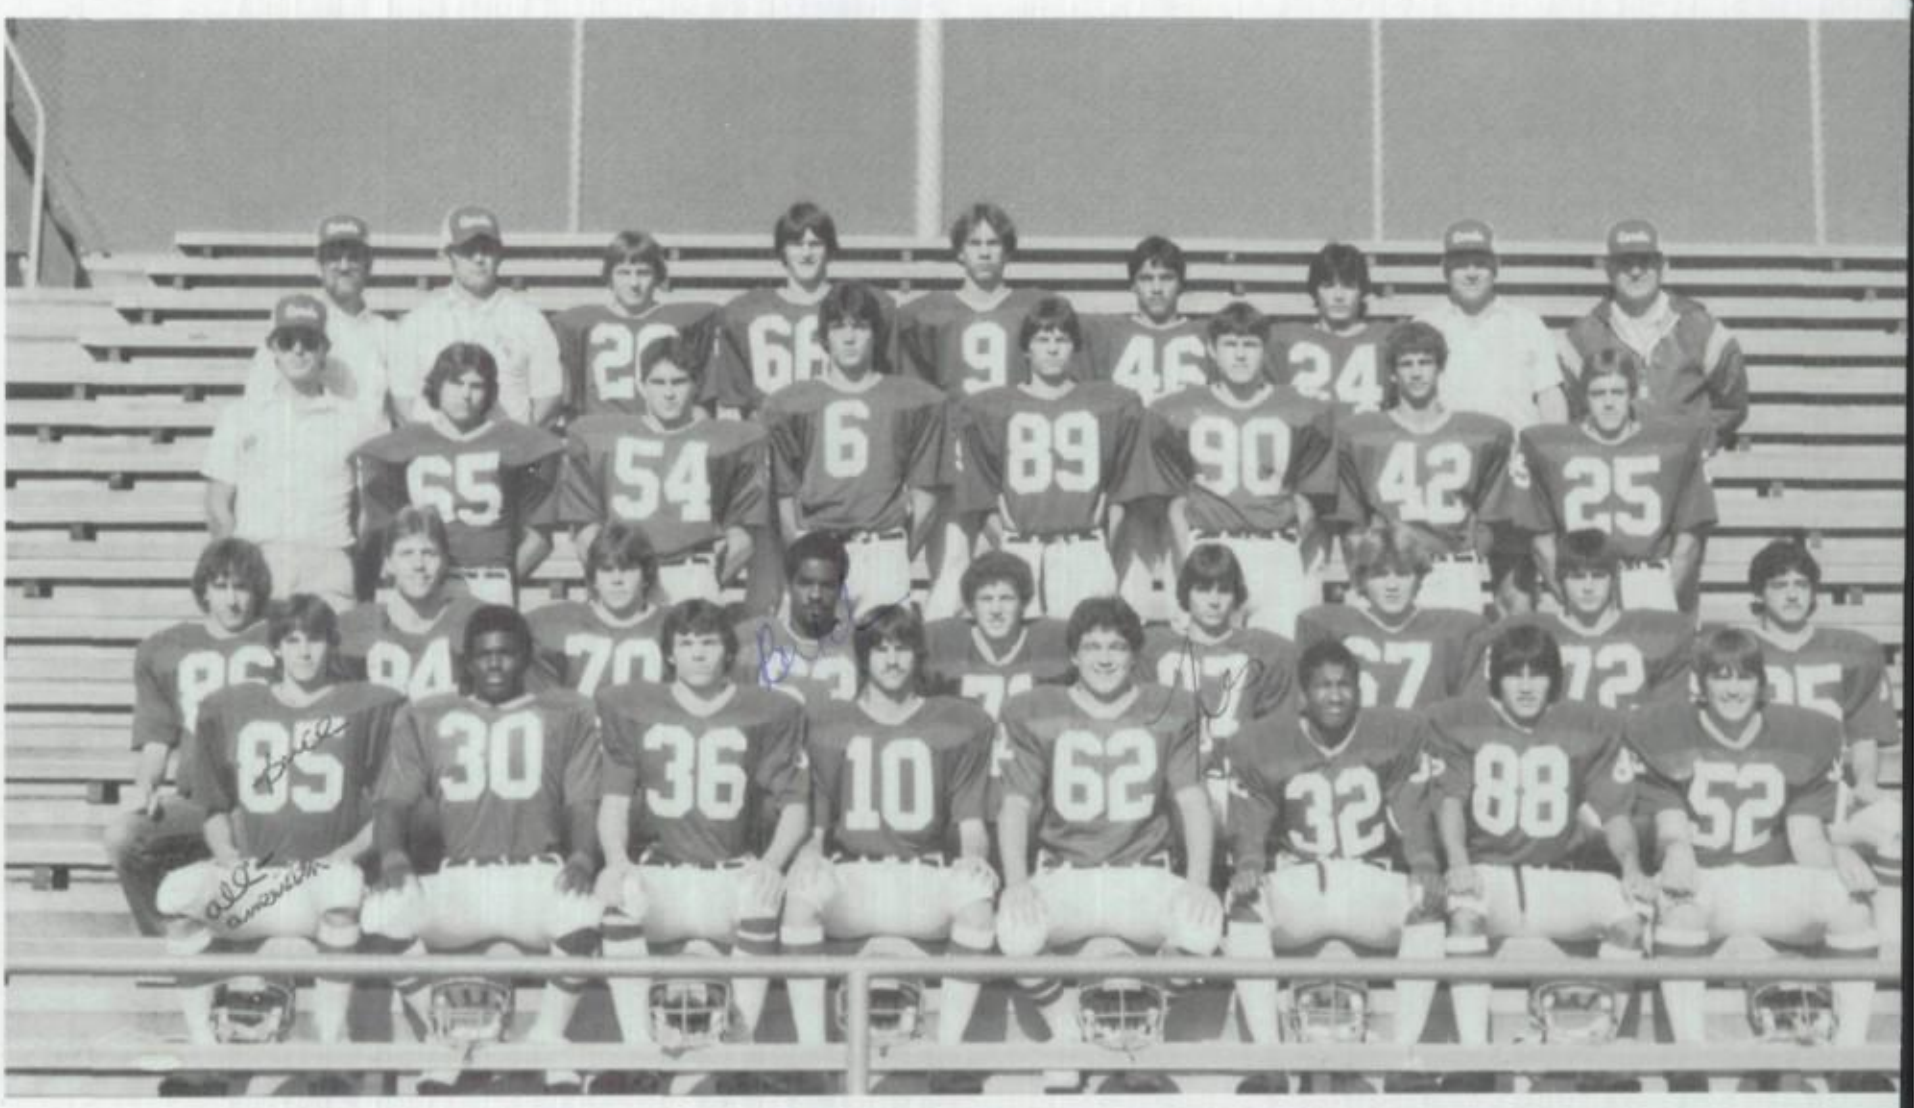
# Cardinals Thrash Their Opponents



Late in the 4th quarter Riverside scored to tie up the game at 16-16. Medical Lake then received the ball at their own 25 yard line. Knowing that they needed to score to win, they marched the ball down the field, as John Holmes scored the winning touchdown with a 3 yard run off the left tackle."The team showed great tenacity and ability to hold their composure as they drove to score the winning touchdown," commented Head Coach John Giannandrea.

This years football team showed much talent and positive attitudes. The team proved they could move the football, putting it into the endzone for a touchdown. Medical Lake was once again in the stiff competition of the Frontier League, but nevertheless the Cardinals held their own.

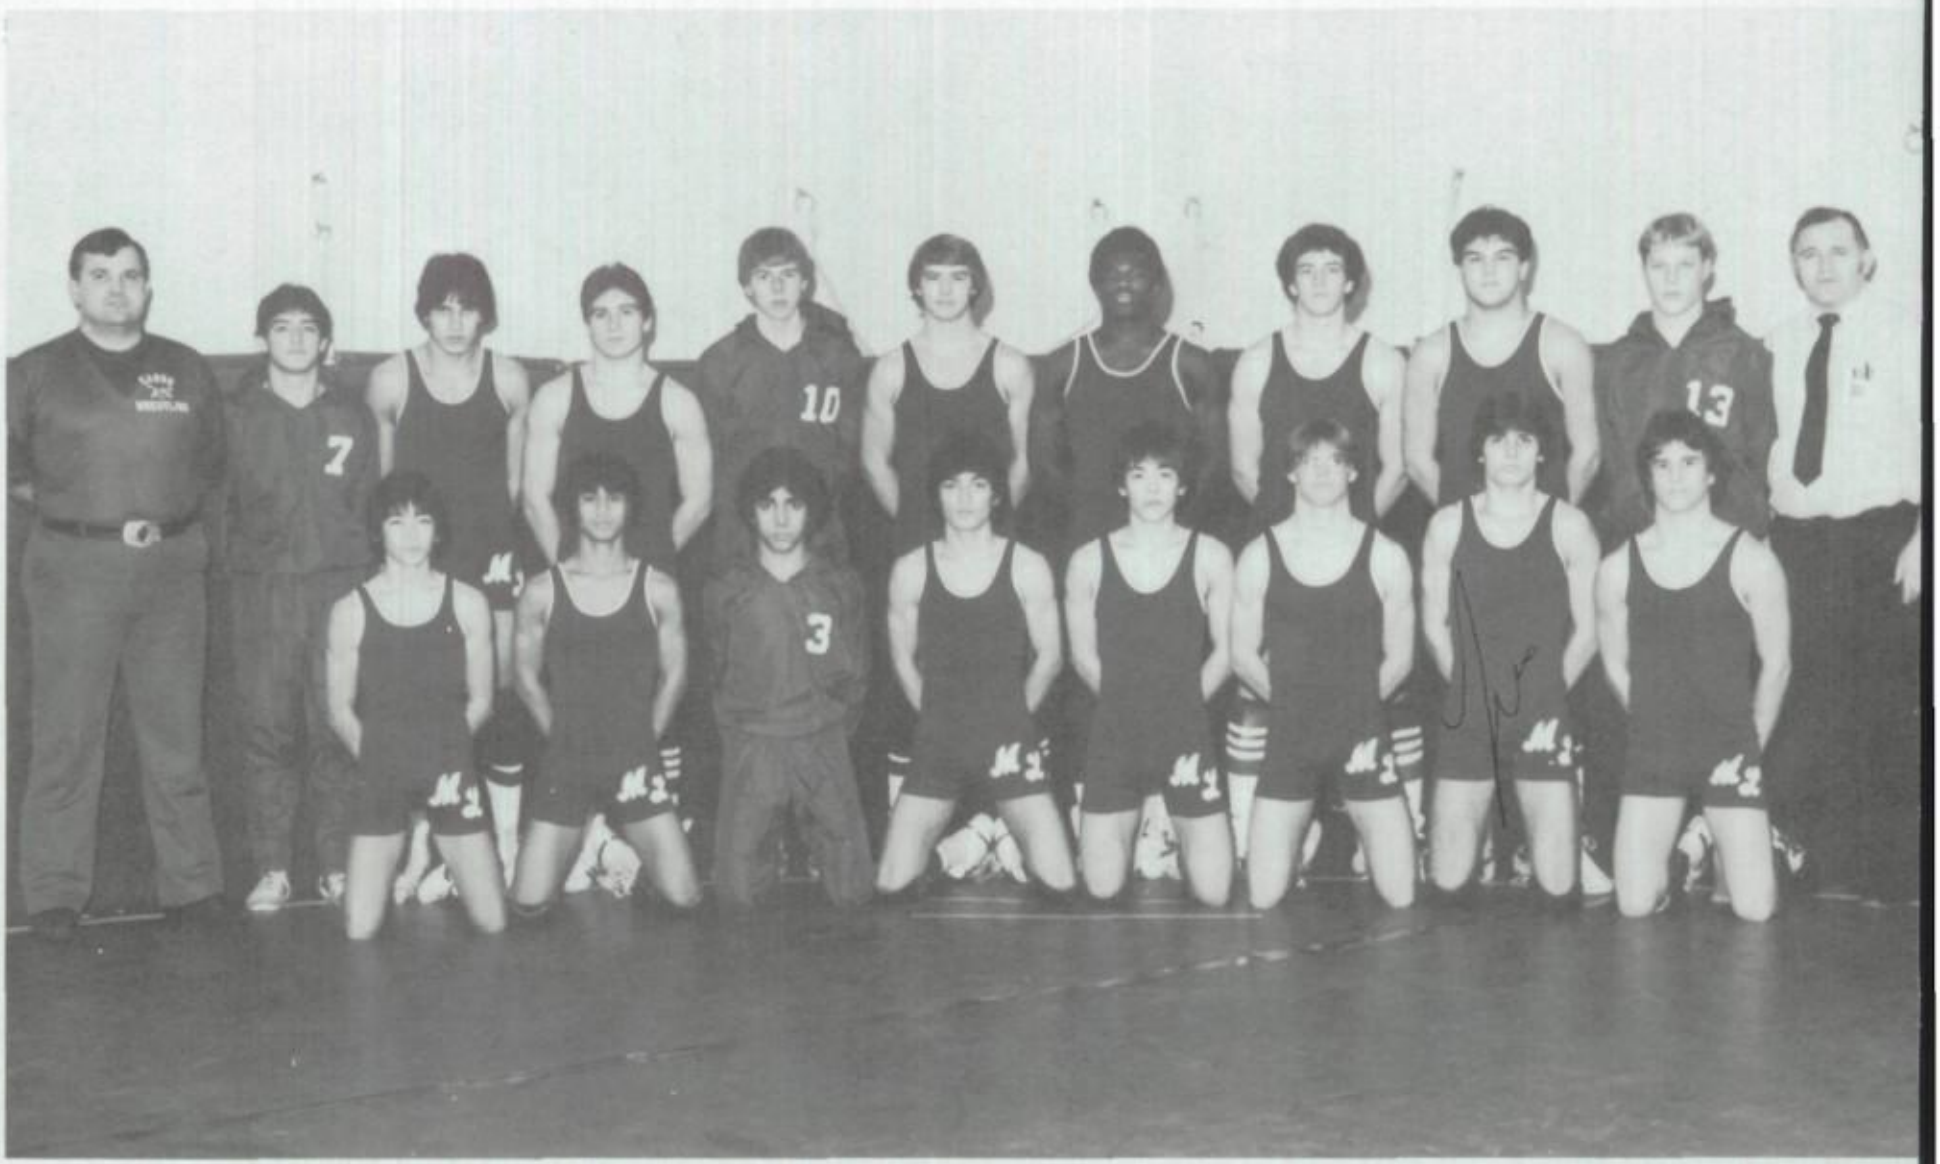
# Wrestlers Eliminate Competitors



It was the last match of the championship meet, the score was Medical Lake 21, Cheney 24. James Whiteley, the Cardinal heavyweight, needed a pin or a superior win in order to win the meet. James took down his opponent and gave him a 1 point penalty point in the first round. In the second round, Cheney got an escape but James took him down again, thus making the score 4-2. At the whistle to start the third round, James got an escape and again took down his opponent. Unable to turn the Blackhawk, James didn't pin his man, ending his match with a 7-2 win. Not enough to win the meet, with a final score of 25-24.

Even though the Cardinals didn't win the championship they had an outstanding year. They showed true dedication and courage through their practices and meets. This year we had the most wrestlers that Medical Lake has ever sent to the Region IV Championships, a total of 12. Although the 1983-1984 wrestling team was short with experience, they truly were champions in every sense of the word.

# Varsity Boys Maintain a Good Season

As the halftime activities came to a finish, the crowd was pensive. Medical Lake was trailing by a close four points. Deer Park v hoping to hold onto its lead. The third quarter showed no significant difference with Deer Park only stretching their lead to points. But this "come-from-behind" team was not beaten yet. They put it all together to be the best they could and explode out-score Deer Park by twenty-one points. A total of thirty-four points in the fourth quarter alone. Medical Lake defeated D Park sixty-nine to fifty-four! "Offensively, the team reached its maximum potential in this game," commented cardinal co Dave Olzendam. It was a proud victory for the cardinals.

This year's varsity basketball team was fast and exciting. The games were always fun to watch and suspense-filled right to the v end. They were a well rounded combination of offense and defense and every player strived for and achieved an ove improvement in skill. Coach Olzendam also expressed that, "The players had dedicated themselves all season to reach team go The improvement from the beginning of the season to the end was tremendous. They had all worked very hard to accomplish a warding season." Altogether the team members gained great experience and had fun competing as a team. They sought to m the 1983-84 season a successful and prosperous one and they accomplished much as a group and as individuals. Congratulati on a fine season.

Bottom Row: Mr. Grothe, Julie Cloutier, Mark Wakefield, Shelly Franklen, Miss VonLanken, Kim DesRoches, Nikki Wright.

The clocks had to be reset. The score was tied. Jenny Jundt tipped the ball off for the Cardinals and the game was underway.

Field goal shooting was going excellently for the game against East Valley with few turn overs. The Cards displayed their shooting talents, which they had been perfecting during practices. Center Jenny Jundt and zone guard Cinda Kammermann did an excellent job along with the other players in defeating the Knights with their defensive tactics and offensive persistence by a score of 35-34.

The lights were out. The gym was silent. The victors traveled back with the feeling of success, but as Miss VonLanken stated, "Success is not measured by the win/loss record rather by the effort and positive attitude." Success was having a good time and at the same time showing spirit and unity, as the V.G.B.B. team did.

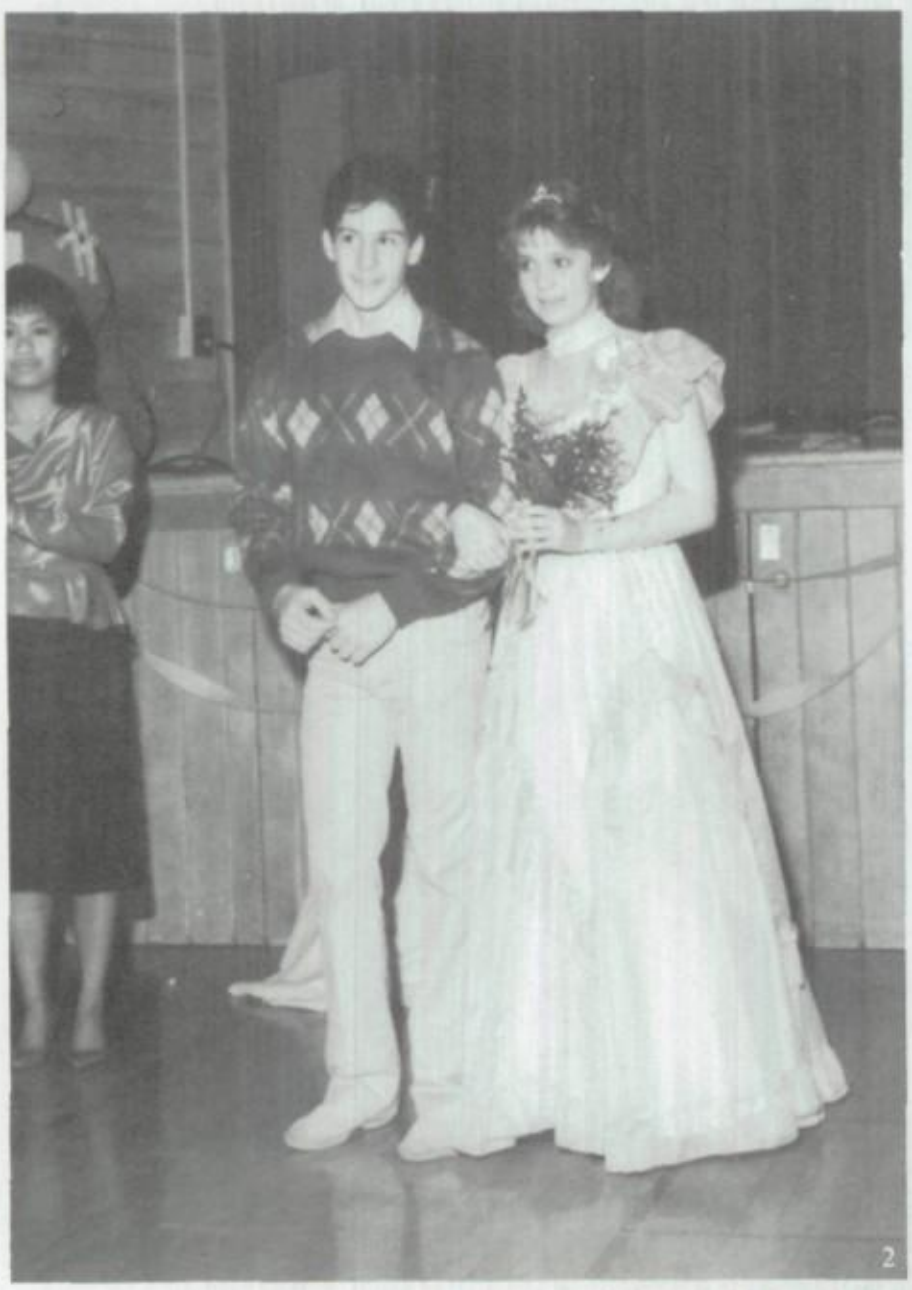
# WINTER FESTIVAL



Through the years we have had our dreams

We've shared the moments of victory and defeat

We've had the highlights of laughter and joy

And we overcame the tears of sorrows.

Because you were there to put the pieces together.

We know tomorrow there is a light

That will spark a new hope for a new way

When troubles come this light will guide us

Leading the path so we won't go astray

Each day of the future is illuminating with brightness

Leaving a feeling that will overcome the grey.

But we know we have made it together through love

And we will be forever more . . . the class of 1984.

Melinda,

You're a neat gal that has a lot going for her. I am proud to have known you and met you. God Bless you and keep you healthy and beautiful.

Love,
Mike Folsom

Melinda,

You're one of the Funniest people I know and it's been fun going to school with you! Take care and God Bless! Anthony is a cutie!

Love,
Pam Allen

Melinda,
It was good to know you. I had a blast in 4th hour with ya. Good luck and best wishes in everything you do because you deserve the best. Take care!!

Love,
Suzette Carter

"86"

Melinda,
Well, it's time to say good bye and go forward to whatever is waiting for us. Good Luck and Best Wishes always!

Love,
Karen

Melinda,
it has been
fun knowing
you. I will get
a great sense
of humor. Take
care of yourself
& your "neglected"
little baby! Good
luck.
Love
Sara

Melinda,
it has been great
knowing ya and I
wish we had met
sooner. I hope you
enjoyed your senior
year an spread
summer and keep in
touch (244-3777).
Take Care
Love
&

Love

"We Made It!!!"

Melinda, what do I say to
describe what we had? We
began as friends that "worked"
together then became "real" friends
well first I've been "real" having
you around. Thanks for being
my friend and all that jazz
I never forget you now
matter how long (yrs, etc)
